

PROSPECTUS OF THE SCIENTIFIC AMERICAN. THE BEST MECHANICAL PAPER IN THE WORLD.

SEVENTEENTH YEAR.

VOLUME VI.—NEW SERIES.

A new volume of this widely circulated paper commences on the 4th of January. Every number contains sixteen pages of useful information and from five to ten original engravings of new inventions and discoveries, all of which are prepared expressly for its columns. The SCIENTIFIC AMERICAN is devoted to the interests of Popular Science, the Mechanical Arts, Manufactures, Inventions, Agriculture, Commerce and the Industrial Progress generally, and is valuable and instructive not only in the Workshop and Manufactory, but also in the Household, the Library and the Reading Room.

To the Inventor!

The SCIENTIFIC AMERICAN is indispensable to every inventor. It not only contains illustrated descriptions of nearly all the inventions as they come out, but each number contains an Official List of the Claims of all the Patents issued from the United States Patent Office during the week previous, thus giving a correct history of the progress of inventions in this country. We are also receiving, every week, the best scientific journals of Great Britain, France and Germany; thus placing in our possession all that is transpiring in mechanical science and art in these old countries. We shall continue to transfer to our columns copious extracts from these journals of whatever we may deem of interest to our readers.

Chemists, Architects, Millwrights & Farmers!
The SCIENTIFIC AMERICAN will be a most useful journal to them. All the new discoveries in the science of chemistry are given in its columns and the interests of the architect and carpenter are not overlooked; all the new inventions and discoveries appertaining to these pursuits being published from week to week. Useful and practical information pertaining to the interests of the SCIENTIFIC AMERICAN which information they cannot possibly obtain from any other source. Subjects in which planters and farmers are interested will be found discussed in the SCIENTIFIC AMERICAN; most of the improvements in agricultural implements being illustrated in its columns.

TERMS.

To mail subscribers:—Two Dollars a Year or One Dollar for six months. One Dollar pays for one complete volume of 416 pages; two volumes comprise one year. The volumes commence on the first of JANUARY and JULY.

CLUB RATES.

Five Copies for Six Months.....\$4
Ten Copies for Six Months.....\$8
Fifteen Copies for Six Months.....\$12
Twenty Copies for Six Months.....\$16

THE NEW ENGLAND FARMER FOR 1862.

In announcing the commencement of a New Volume of the FARMER we do not propose to make any important change in the appearance or character of our journal. The wide circulation we have obtained assures us that the Farmers already receive the wants of the agricultural community and encourage us to renewed exertions to make it fully deserving of the patronage awarded it. The NEW ENGLAND FARMER is published weekly, in folio form. One entire page is occupied exclusively with articles relating to agriculture, mostly all original, and written for our columns by men of practical experience on their own farms. Our leading object is to give the results of practical operations and the knowledge drawn from them and not mere speculations or plausible theories. The remainder of the paper contains: A carefully prepared digest of the News of the Week, as full and accurate as constant care can make it. Miscellaneous Reading for the family circle, always instructive and of good moral tone, as well as entertaining. Market Reports and Prices Current, including the best and only reliable report of the Cambridge and Brighton Cattle Markets, prepared exclusively for our columns at great expense. Editorials, Book-Notices, &c.

TERMS OF THE WEEKLY NEW ENGLAND FARMER.

Invariably cash in advance. Single copy \$2 a year or two years for \$3. Two to five copies \$1.50 a year each. Six to ten copies \$1.40 a year each. Eleven to fifteen copies \$1.30 a year each. Sixteen copies and upwards at the rate of \$1.25 a year each. Specimen copies, posters and prospectuses sent free to all applicants. The WEEKLY FARMER and any other \$2 weekly or Monthly publication sent to one address for \$3 for one year. The WEEKLY FARMER and either HARRIS'S MAGAZINE or the ATLANTIC, KENNEDY'S, the CONTINENTAL or MONTHLY or GOREY'S LADY'S BOOK sent to one address for \$2.50 for one year.

THE MONTHLY NEW ENGLAND FARMER.

The MONTHLY NEW ENGLAND FARMER is a magazine of 45 large octavo pages, made up from the columns of the WEEKLY, and containing articles relating only to Agriculture and kindred pursuits. It is printed on fine paper and is fully illustrated.

TERMS OF THE MONTHLY NEW ENGLAND FARMER.

Invariably cash in advance. Single copy \$1 a year or two years for \$2. Six copies and upwards at the rate of 75 cents a year each. Send for specimen copies and get us up a club. Address: NOURSE, EATON & TOLMAN, PUBLISHERS NEW ENGLAND FARMER, BOSTON, MASS.

Our Catalogues.

No. 2.—A Descriptive Catalogue of Fruits.

No. 3.—A Descriptive Catalogue of Ornamental Trees, Shrubs, Roses, &c.

No. 4.—A Descriptive Catalogue of Dahlias, Green House, and Bedding Plants, &c.

Forwarded on receipt of a stamp for each.

Persons desirous to act as Agents in obtaining and forwarding orders from their several localities, can make a very profitable arrangement with us. We shall be happy to correspond with all who may apply to us for this purpose.

SMITH & HANCHETT, Syracuse, N. Y., August, 1861.

\$40. PARKER 40. SEWING MACHINES.

PRICE, FORTY DOLLARS.

THIS is a new style, first-class, double-thread Family Machine made and licensed under the patent of Howe, Grover & Baker, and Wheeler & Wilson, and its construction is the best combination of the various patents owned and used by these parties and the patents of the Parker Sewing Machine Company, they were awarded a Silver Medal at the last Fair of the Mechanics' Charitable Association, and are the best finished and most substantially made Family Machines now in the market.

SALESROOM, 188 WASHINGTON STREET, GEO. E. LEONARD, General Agent.

IMPORTANT TESTIMONY.

Report of the Judges at the last Fair of the Massachusetts Charitable Mechanics Association.

"Four PARKER'S SEWING MACHINES.—This Machine is so constructed that it embraces the combinations of the various patents owned and used by Elias Howe Jr., Wheeler & Wilson, and Grover & Baker for which these parties pay tribute. These, together with Parker's improvements, make it a beautiful machine. They are sold from \$40 to \$120 each. They are very perfect in their mechanism, being adjusted before leaving the manufactory, in such a manner that they cannot get deranged. The feed, which is a very essential point in a good machine, is simple, positive and complete. The apparatus for guiding the length of stitch is very simple and effect, i.e. The tension, as well as all other parts, is well arranged. There is another feature which strikes your Committee favorably, viz: there is no wheel between the table between the standard, to come in contact with the dress of the operator, and therefore, no danger from oil or dirt. This machine makes the double lock stitch, but so arranged that it lays the ridge upon the back quite flat and smooth, doing away in a great measure with the objection sometimes urged against it."

L. M. COLE, Ticket Agent.

THE WORLD, AN INDEPENDENT DAILY AND WEEKLY NEWSPAPER, FOR National Circulation & Family Reading.

The World has been in existence for a little more than a year. It has attained, in that short period, to the highest rank in American journalism—to a perfectly secure financial base, and to a circulation, patronage and influence which has only been equalled by other journals after the labors of many years.

For the coming year no labor or expense will be spared to make The World what it aims to be—the

BEST NEWSPAPER IN AMERICA.

In Politics, The World is independent, bighearted, neutral. It will never lend itself to party service, but will help the good and expose the bad of all parties. A pure morality and a steadfast adherence to

CHRISTIAN PRINCIPLE AND CHRISTIAN TRUTHS,

will guard its columns and guide its judgment of men and of events. It is the organ of the man, and no set of men. It is national, always on the side of

THE UNION, THE CONSTITUTION & THE LAWS.

In the future, as in the past, it will give to the Administration a hearty and vigorous support, because in the war for the Union twenty millions of people have confided to its hands their battles for Liberal Institutions, Good Government, Nationality and Freedom.

The World will oppose all compromises which would barter away the principle for which this war is waged; it will oppose peace itself till the success of the war assures the permanence of peace, and will urge the prosecution of the war with economy but with relentless vigor, till federal property is recovered and federal authority is re-established, from the Chesapeake to the Rio Grande.

Our correspondents are attached to the various divisions of the army, and accompany them wherever they go, and by a free use of the telegraph and the mails present in its columns of The World

A COMPLETE HISTORY OF THE WAR,

from day to day and from month to month.

In the Weekly and Semi-Weekly editions of The World, especially, large space will be given to

AGRICULTURE,

and to all the departments of

MANUFACTURING AND MECHANICAL INDUSTRY.

To our Foreign Correspondence of course less space will be given in the coming year, but the latest and most important news from London, Paris, Turin, Rome, Syria, China, California, Japan, Egypt and South America, our correspondents will promptly and briefly send us.

ALL THE NEWS

will be found in the columns of The World, & every department of human activity.

POLITICAL, AGRICULTURAL

AND COMMERCIAL,

as well as in LITERATURE, SCIENCE AND ART.

We shall continue the publication of our Ecclesiastical Record, and give to Religious and Educational Topics and News, and to all New Publications, Inventions, Discoveries, and Works of Art, the same careful and thorough sympathy and attention.

THE DAILY WORLD.

The Daily World is the most complete Commercial and News Paper published in America. United with the Courier and Enquirer, and preserving all the commercial news and other distinctive features of that journal, it has become the principal advertising medium of the New York Auctioneers, Shipping Merchants, and business men generally. Its Commercial and Market Reports, together with its Reports of Foreign and Domestic Ship News, are full, reliable, and give the latest business news without delay. Besides these peculiar features, it is distinguished in the fullness of its political and miscellaneous news, its correspondence, &c., &c. It is printed on an Imperial quarto sheet, larger than any other two-cent daily.

No Sunday Edition is printed, and a vigilant watch will be kept over its columns, excluding every thing unfit for family reading.

Terms per annum, Six Dollars; Four copies to one address Twenty Dollars. To Clergymen, Five Dollars per annum.

THE SEMI-WEEKLY WORLD.

The Semi-Weekly World is a large quarto sheet, same size as the daily, containing all its news, correspondence, miscellany and editorials, its commercial and market news, and always a good original story, or some brilliant production from the best English novelists and periodical writers. Its cattle market and provision reports make it highly valuable to every farmer.

Three Dollars per annum; Two Copies to one address, Five Dollars; five copies to one address, Eleven Dollars. To Clergymen, Two Dollars per year. Single copies, Three Cents. Published Tuesdays and Fridays.

THE WEEKLY WORLD.

The Weekly World contains all the editorials and the most important of all the news matter contained in the daily edition, together with a good original story, or some brilliant production from the best English novelists and periodical writers. In no other weekly paper published in this country are there found such full commercial and market reports, and general news intelligence, combined with so much editorial matter and variety of miscellaneous reading, as in the Weekly World.

Price Two Dollars a year; four copies to one address, Five Dollars; twenty copies, Twenty Dollars. Clergymen can receive the Weekly, single copy, at one Dollar a year. Single copies, Five Cents. Published on Thursdays.

*Our friends in the country will bear in mind that the season for advertising for city papers is about commencing. A word of commendation of this paper to their publishers is all that is needed to insure a large increase in its circulation and influence.

Postmasters are earnestly requested to aid in the circulation of this paper—especially of the weekly edition. There is probably no way in which they can render a more efficient service to their government than in diffusing authentic information among the people by a liberal patronage to accredited newspapers. They would oblige us by furnishing the names of persons to whom they think it would be desirable to send specimen numbers.

Remittances for The World may be made by drafts or bank-bills of specie-paying banks, and where the attention of the Postmaster is called to the remittance at the time of mailing the letter, it may be made at our risk.

Specimen numbers sent to any address upon application.

Address: THE WORLD,
